

She is getting her upstairs apartment fixed up + Ann Marie's husband was over there this afternoon doing some painting for her and yesterday afternoon Tommy came up to paint her porches.

We had a nice time at the luncheon on Wed. but I didn't enjoy the air conditioning as I wore a sleeveless dress + my arms were cold.

Sisters, Eliz., Alice, Bertha, Jones' and everyone have been inquiring for you.

You folks should have a good time this week-end but I hope you don't get too keyed up over things. Take it easy.

I can imagine Romaine appreciated your taking her shopping + I am wondering whether you got to the Clifford dinner.

It seems there was something else I wanted to say but I will think of it after this is mailed.

Did Kurt use the easel?

I don't know just when the folks will be home from the show but presume Sat. or Sun.
